## Stimulus Grant Application

You will receive an answer in 1-3 business days.

The purpose of the **Stimulus Grant Program** is to help you create new income by selling your products and services via the Internet. It may be used by individuals and small businesses (under \$100K a year in sales).

The **New Start Grant Program** will help you pay for market research before you launch a new product or service on the Internet. If you meet these basic qualifying conditions it will pay \$250 of the research fees. (Your share will be \$150 for a Basic Market Research Package\*).

The **New Growth Grant Program** will pay \$200 towards new research if you have less than \$100K a year in sales with an established product or service. (Your share will be \$200 for a Basic Market Research Package\*).

The **Get Started Grant Program** will support your new business by paying a portion of the monthly web hosting cost for the first 12 months. The value will vary but may not exceed \$120.

There are NO fees for applying and all your information will be kept completely confidential.

You are NOT obligated to accept the grants.

Your answers below will determine your eligibility for these stimulus programs.

The Basic Market Research Package is a \$400 value without these supporting grants.\*
